Investor Presentation H1 FY27

Safe Harbour Statement

This presentation and its accompanying materials (collectively, the "Presentation") have been prepared by Mobilise App Lab Limited (“Mobilise App Lab ," "the Company," or "we") for informational and discussion purposes only. This Presentation does not constitute an offer to sell or solicitation of an offer to purchase any securities, investment advice, or recommendation, nor should it be relied upon as the basis for any investment decision or contractual commitment. Any securities offering by the Company will be made exclusively through formal offering documents containing complete information about the Company, its business, and associated risks.

While the information contained herein has been compiled from sources the Company believes to be reliable, the Company makes no representations or warranties, express or implied, regarding the accuracy, completeness, or fairness of the information presented. This Presentation may not include all material information concerning the Company, and any reliance on this information is entirely at the recipient’s own risk. The Company expressly disclaims all liability for any errors, omissions, or inaccuracies contained herein.

This Presentation contains forward-looking statements concerning the Company's business prospects, market opportunities, and strategic outlook based on current expectations and assumptions. These statements are subject to significant risks and uncertainties, and actual results may differ materially from those expressed or implied. Various factors may cause actual outcomes to vary, including economic conditions in India and internationally, industry trends and competitive dynamics, execution of business strategies, technological developments, revenue variability, market acceptance, regulatory changes, and other business risks. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Any forward-looking statements, projections, or opinions attributed to third parties included in this Presentation are not endorsed by the Company, and the Company assumes no responsibility for their accuracy or reliability. By reviewing this Presentation, recipients acknowledge that they have read, understood, and agree to be bound by the terms of this disclaimer.

COMPANY OVERVIEW

About Mobilise App Lab Limited

Mobilise App Lab Limited is a technology-driven **Software-as-a-Service (SaaS) company** with over a decade of experience in developing and delivering cloud-based enterprise software solutions. Established in 2013, the Company offers a diversified portfolio of ERP, HRMS, Enterprise Asset & Facility Management, Supply Chain Management and AI-powered automation solutions, enabling organisations to streamline operations, improve efficiency and accelerate digital transformation. Its key platforms include **EduPro ERP, OpsSuite, HRevO, SCMPro, OneAuth and AI Studio.** serving industries such as education, manufacturing and healthcare. Operating primarily through a subscription-based SaaS model, the Company also provides implementation, customisation, integration and technical support services. It has further expanded into IoT and autonomous service robotics through Mobilise Robotics. With ISO 9001 and ISO 27001 certifications and CMMI Level 3 appraisal, the Company continues to strengthen its technology capabilities and market presence.

13+
Years Of Legacy

Robotics Partner in India

Company Journey & Product Evolution

2013

Foundation & First Product Launch

- Founded as Mobilise App Lab LLP and launched EduPro ERP.

2017

Product Pivot & Enterprise SaaS Entry

- Launched OpsSuite, a CMMS platform for enterprise asset tracking and facility management.

2018

Entry into Supply Chain Solutions

- Introduced SCMPro, a procurement, inventory and supply chain management suite.

2020

HRMS Product Launch

- Launched HRevO HRMS, featuring biometric integration and multilingual support.

2022

International Expansion

- Expanded HRevO across the Asia-Pacific region.

2024

New Office & Product Integration

- Opened a corporate office in Gurgaon and integrated SAP with EduPro.

2025

Public Limited Company

- Filled RHP and added IoT-enabled OpsSuite capabilities.
- Azure AI, SAP integration, 20+ languages
  Stellar ~70% YoY growth

2026

Successful IPO & NSE Listing

- Raised ~ ₹20.10 crore through its public issue and successfully listed on the NSE Emerge Platform in March.

Experienced Leadership

Mr. Ashish Sharma

Promoter & Managing Director

20+ Years of Experience

Managing Director driving the company's strategic direction, growth initiatives, and overall operations. He has played a key role in building and scaling the organization while strengthening governance and execution capabilities.

Mrs. Smriti Sharma

Promoter & Whole Time Director

14+ Years of Experience

Strongly contributes to the company's operations, internal management, and innovative education technology solutions since the company's early stages.

Mr. Kamal Kishor Sharma

Chief Financial Officer

12+ Years of Experience

Brings strong experience in production, quality management, and financial administration. Previously with Poly Medicare Ltd., he currently oversees the company's financial planning, reporting, budgeting, and compliance functions.

To Whomsoever It May Concern

This to certify that the tested application hosted of the current version is audited by Codec Networks Private Limited (A CERT-In Empanelled Organization Wide Letter No: 3(15)2004 CERT-In (Vol.XI) dated 12.02.2021) and it is free from OWASP vulnerabilities, and any known severe web vulnerability/threat.

Respectively it is safe for hosting and to carry out transaction.

The application has passed Critical / High / Medium vulnerabilities for application security assessment tests.

For detailed description of vulnerabilities and other security assessment related details, please refer to the audit report shared with respective client.

It is also recommended that the application may be hosted with read and script execution permission for public with exact replica of the audited URL in the production environment.

Certificate Validity: The maximum validity of the certificate is One Year from the date of issue.

Note: Our opinion is valid for the period during which the changes are not made in the source of tested application thus any changes in the system will require to re-audit of application's new version. Projections of any conclusions based on our current findings will not be applicable and has to be altered for future period and application new versions is subject to any risks because of changes made to the application or system. Also, we recommend that Web Server and OS level hardening need to be in place for the production server.

Investment Rationale

Proven Enterprise Scale

9.60 lakh+ assets managed across 15+ Indian states.

Technology-Led Expansion

IoT-enabled asset monitoring and automation enhance the platform's capabilities.

Diversified Industry Presence

Applications across healthcare, manufacturing, airports and commercial facilities.

Robotics Growth Opportunity

Mobilise's authorised KEENON Robotics partnership in India creates opportunities in autonomous cleaning, delivery and service automation across hospitality, healthcare and commercial facilities.

Subscription-led SaaS model

Complemented by implementation, integration and support services, creating opportunities for recurring revenue and long-term customer relationships.

BUSINESS OVERVIEW

Mobilise | Diversified Enterprise Solutions Portfolio

Count

A comprehensive solution for all sites attendance including reliable facial recognition hardware & software.

Hardware & IoT

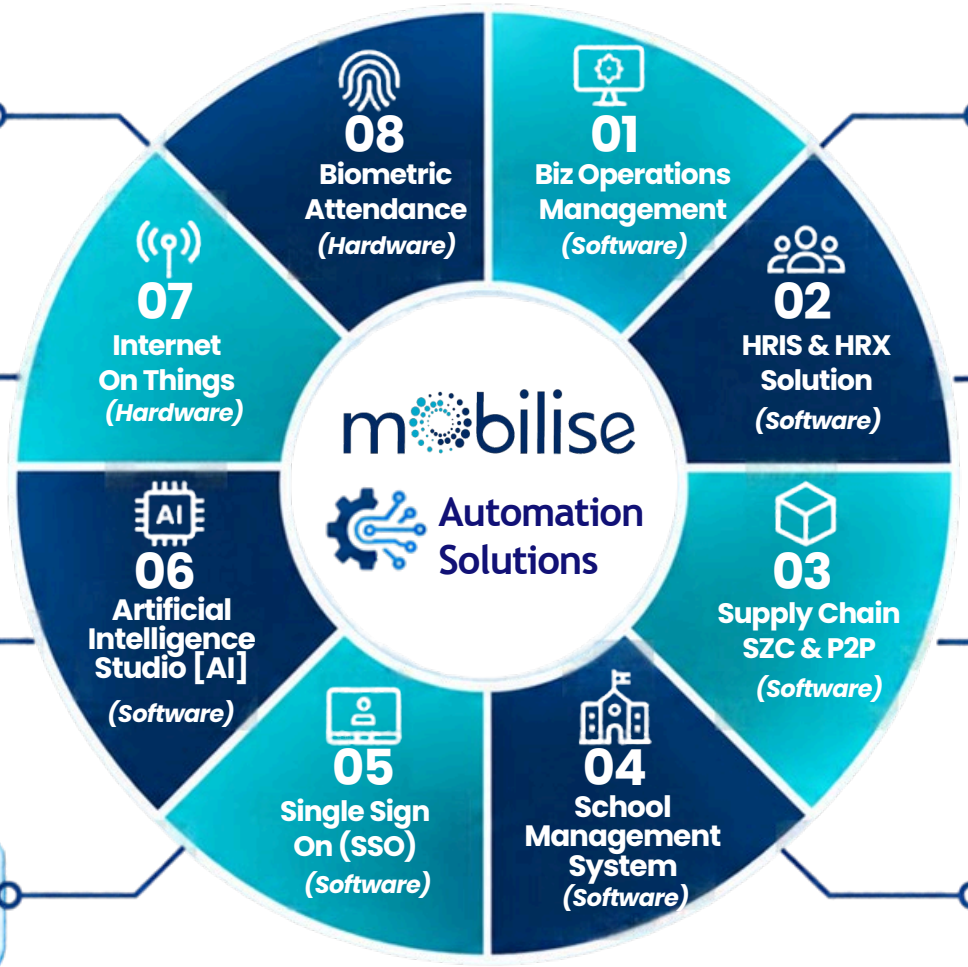
Exing or next level automation with minimum intervention of human from monitoring to initiate actions.

AIStudio

Latest imovative tools to make long processes short & informative Analytics for Business Decisions.

OneAuth

Ease of keeping multiple login and passwords with much hassle to maintain security standards.



OpsSuite

Comprehensive Integrated Facility Management System and Enterprise Asset Management System.

HReV

A comprehensive software solution for employees iffe cycle - From Hire to Retire.

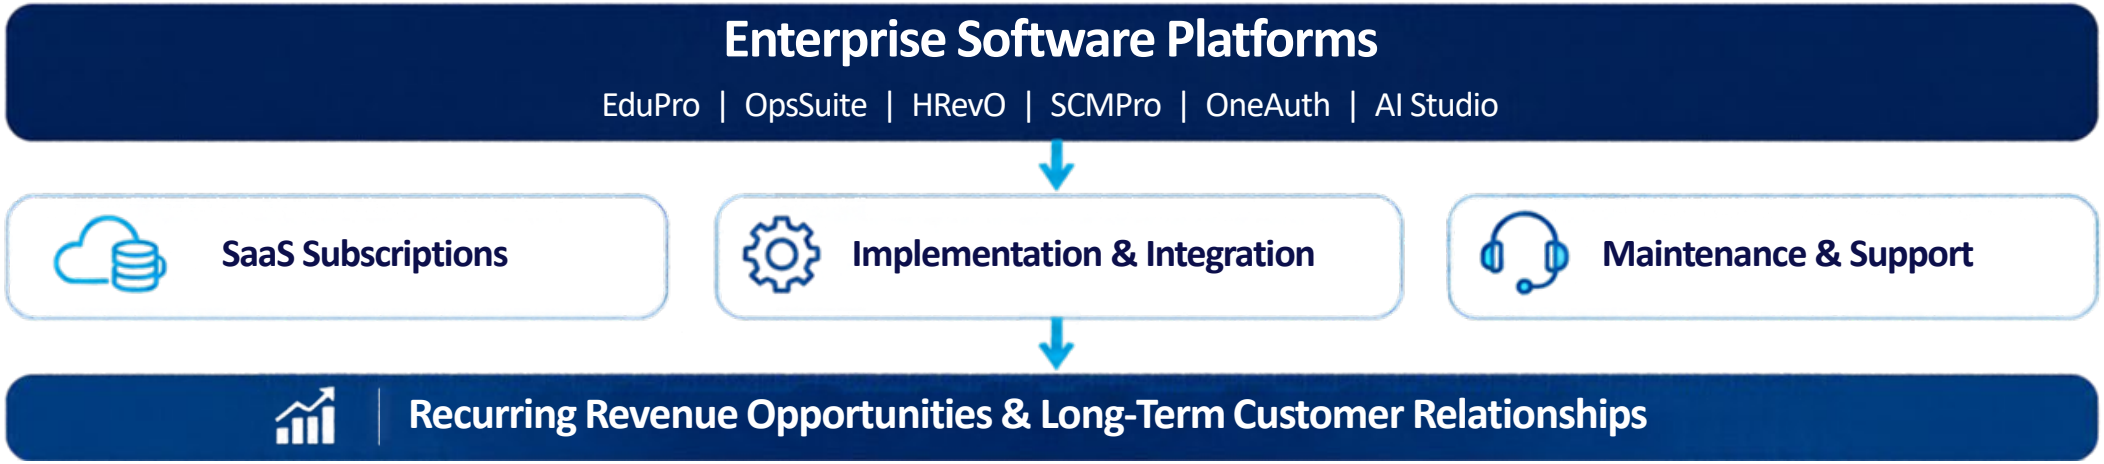
SCMPro

User friendly system empowering organizations to solve complexities from vendors sourcing to invoicing.

EduPro

Enabling educational institutions to digitaliza all processes in a single software.

Mobilise Robotics – End-to-End Automation Solutions



Product-wise Revenue Models

EduPro	Per-student, per-month subscription
HRevO	Per-employee subscription and enterprise contracts
OpsSuite	Per-asset, per-site and project-based fees
SCMPro	Project-based implementation fees
OneAuth | AIStudio	Enterprise software offerings; specific pricing not disclosed

Mobilise Robotics – End-to-End Automation Solutions

END-TO-END ROBOTIC DEPLOYMENT & SUPPORT

01 Robot Supply
Authorised KEENON robot distribution

02 Site Assessment
Evaluate customer site requirements

03 Mapping & Deployment
Configure, map and deploy robots

04 Operator Training
Train client teams for daily operation

05 Spare Parts
Hardware servicing and spare parts

06 After-Sales Support
Ongoing technical and operational support

Product Portfolio – 9 Models • 4 Categories

Open-Tray Delivery | Enclosed / Cross-Floor | Cleaning | Industrial Logistics

Emerging Growth Opportunities – AI, IoT & Robotics

Smart Robots – Automating Everyday Tasks

Through Mobilise Robotics, the company is an authorised partner of KEENON Robotics in India, offering robots for food delivery, cleaning and other routine tasks across hotels, restaurants, hospitals and commercial establishments.

Smart Operations – Helping Businesses Work Efficiently

The technology helps companies manage employee attendance digitally and monitor equipment so maintenance can be planned before costly breakdowns occur.

Artificial Intelligence – Making Software Smarter

Incorporating AI into software to automate repetitive work, analyse business information, generate intelligent reports and help management make better decisions.

INDUSTRY OVERVIEW

Global Information Technology Landscape

Global IT Spending Projected to Reach USD 7.35 Trillion by 2027, Up from USD 6.39 Trillion in 2026.

Market Growth

Global IT spending is projected to grow 14.5% in 2026 and 15% in 2027, driven by AI infrastructure, cloud platforms, enterprise software, and data-center expansion.

Regional Dynamics

North America remains a major technology spending market, while **Asia-Pacific is experiencing strong growth**. Forrester projects APAC technology spending **growth of 9.3% in 2026**. India's IT spending is forecast to reach **₹16.9 trillion in 2027, up 10.6%**

Frontier Technologies

AI, agentic automation, advanced cloud infrastructure, and intelligent enterprise software are driving technology investment. Worldwide AI spending is **forecast to reach US$2.67 trillion in 2026, up 49.5%** year-on-year.

Strategic Role of IT

IT drives automation, operational efficiency, security, and innovation, while AI integration enhances workflows and decision-making.

Key Growth Drivers

Migration to Cloud-Based Platforms
Enterprises are replacing legacy software with scalable, subscription-based solutions.

Enterprise Process Digitisation
Increasing demand for ERP, HRMS, procurement and asset management software.

AI-Powered Automation
Growing integration of intelligent analytics, predictive capabilities and automated workflows.

Subscription-Based Software Adoption
Greater preference for flexible, recurring-payment models and continuous product upgrades.

Industry Insights

- India is the 2nd largest global hub for AI-driven SaaS, combining deep software talent with fast GenAI adoption.
- 2nd largest GenAI startup hub, with 890+ GenAI startups, reflecting approximately 3.7× growth.
- 63% of surveyed startups pivoted towards vertical SaaS or domain-specific AI applications.
- SaaS management market is projected to grow at 20.1% CAGR (2025–2030), compared to the global average of 15.4%.
- India currently holds approximately 1–3% of the global SaaS market, highlighting significant potential for expansion.
