Sub: Clarification/Confirmation on news item appearing in "Media/Publication"

Ref: Email Ref. No. L/SURV/ONL/RV/SG/(2026-2027)/124 & NSE/CM/Surveillance/17818 dated November 26, 2026

Dear Sir/Madam,

We refer to your email dated November 26, 2026 seeking clarification with respect to the news article titled *"Tanla Platforms shares plunge 12% in 6 days amid SC's setback for subsidiary Karix Mobile; details about INR 375 cr dispute"* published on the Livemint website.

In this regard, we submit the following:

1. The news article pertains to legal proceedings, being Writ Petition (Civil) No. 1815/2026, relating to Karix Mobile Private Limited ("Karix"), an unlisted material subsidiary of Tanla Platforms Limited (the "Company"). Karix, as a part of its business, participates in Government and public-sector tenders, including tenders floated by NICSI. The writ petition arises out of the empanelment of OneXtel with NICSI under the Government of India Message Gateway Services tender (RFP Ref. No. NICSI/MESSAGE GATEWAY SERVICES/2024/06), wherein Karix contended that the qualification of OneXtel, as the L1 bidder was based on an allegedly invalid CMMI Level 5 certificate issued by an allegedly unauthorised entity (UKCert), and tender process was therefore vitiated by misrepresentation.

2. With reference to query (a) of your email, the Company submits that there were no negotiations between any of the parties. The matter was a writ petition filed against NICSI and OneXtel before the Hon'ble High Court of Delhi and, thereafter, taken in appeal before the Hon'ble Supreme Court of India. It pertained solely to the tender conditions, the tender process and the alleged wrongful qualification of the L1 bidder, was entirely within the writ jurisdiction of the Hon'ble High Court and the Hon'ble Supreme Court, and was non-commercial in nature. There was therefore no negotiation, settlement discussion or commercial arrangement involving any party, and there were no other events or developments in relation to the matter apart from the court proceedings, which are matters of public record.

3. With reference to query (b) of your email, the Company submits that Karix regularly participates in government tenders, including tenders floated by NICSI, as part of its business. In the Company's assessment, there was no material impact on the Company, including on the price of its securities, and the Company assessed the matter in terms of Regulation 30 of the SEBI

(Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations") and concluded that no disclosure obligation was triggered, as detailed below:

- Para A of Part A of Schedule III: The matter does not fall under Para A of Part A of Schedule III. The proceedings do not involve the imposition of any fine or penalty on the Company or its subsidiary, nor any sanction, debarment, settlement of proceedings or other regulatory or judicial action requiring disclosure.
- Para B of Part A of Schedule III: The said event does not fall under any of the clauses specified under Para B of Part A of Schedule III and also does not satisfy the materiality thresholds prescribed therein, read with the Company's Policy for Determination of Materiality. Accordingly, the said event cannot be regarded as a material event or information requiring disclosure.
- Para C of Part A of Schedule III: The matter is not covered under Para C of Part A of Schedule III or any other disclosure requirement under Regulation 30 of the SEBI (LODR) Regulations.

Accordingly, the Company was not required to make any disclosure to the Stock Exchanges.

The Company further confirms that it is not aware of any information that has not been announced to the Exchanges that would require disclosure under Regulation 30 of the SEBI LODR Regulations or that could reasonably explain the movement in the price of the Company's securities referred to in your communication. As no disclosure obligation was triggered in the present case, there was no requirement for disclosure and, accordingly, no delay in disclosure arose.

4. With reference to query (c) of your email, the Company submits that participation in Government and public-sector tenders, including tenders floated by NICSI are regular operational matters of its unlisted material subsidiary and does not have any material impact on the Company. The Company is not aware of any undisclosed information or of any development that required disclosure and could explain the movement in the share price. The Company confirms that it has made, and will continue to make, all disclosures required under the SEBI LODR Regulations. The Company remains committed to ensuring timely compliance with all applicable provisions of the SEBI LODR Regulations.

We request you to take note of the same.

Thanking you,

For **Tanla Platforms Limited**
