Anondita Medicare Limited Expands Manufacturing Capacity by 245 Million Pieces Per Annum, Taking Total Male Latex Condom Capacity to 1,114 Million Pieces

Mumbai, November 26, 2026: Anondita Medicare Limited (NSE - SME: ANONDITA) a leading manufacturer of condoms and sexual wellness products operating under its flagship brand "COBRA", has enhanced its manufacturing capacity by installing four self-fabricated dipping lines, adding an incremental manufacturing capacity of 245 million pieces per annum for male latex condoms at its manufacturing facility in Sector 80, Noida, Uttar Pradesh.

The additional manufacturing capacity has been physically verified and certified by a Chartered Engineer vide certificate dated November 21, 2026. With this expansion, the Company's total installed manufacturing capacity for male latex condoms has increased to approximately **1,114 million pieces per annum**, reinforcing its position as a significant domestic manufacturer and enhancing its ability to cater to the growing demand in both domestic and international markets.

KEY HIGHLIGHTS

- **Capacity Addition:** 245 million pieces per annum through installation of four self-fabricated dipping lines.
- **Total Manufacturing Capacity:** Approximately 1,114 million pieces per annum for male condoms.
- **Existing Manufacturing Capacity:** 869 million pieces per annum**,** comprising:
    - 562 million pieces per annum as on March 31, 2025.
    - Additional 307 million pieces per annum commissioned in February 2026.
- **Capacity Utilisation:** Approximately 432.13 million pieces per annum, based on the relevant reported production period.

MANAGEMENT COMMENTARY

Commenting on the development, **Mr. Anupam Ghosh, Managing Director, Anondita Medicare Limited**, said:

"The addition of four new self-fabricated dipping lines, contributing an incremental manufacturing capacity of 245 million pieces per annum, marks another significant milestone in the Company's expansion journey. With our total male latex condom manufacturing capacity now reaching approximately 1,114 million pieces per annum, we are well-positioned to address the growing demand across domestic and international markets.

This expansion reflects our continued commitment to strengthening our manufacturing infrastructure, enhancing operational capabilities and achieving economies of scale. We remain focused on expanding our market presence, improving operational efficiencies and creating sustainable long-term value for our stakeholders."
