INDEPENDENT AUDITOR'S REPORT ON AUDIT OF INTERIM CONSOLIDATED FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF

BHARTI AIRTEL LIMITED

Opinion

We have audited the accompanying Statement of Audited Consolidated Financial Results for the quarter and six months ended September 30, 2026 of **BHARTI AIRTEL LIMITED** ("the Parent/Company") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), and its share of the net profit after tax and other comprehensive income/loss of its joint ventures and associates for the quarter and six months ended September 30, 2026, ("the Consolidated Financial Results"), being submitted by the Parent pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the LODR Regulations").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the audit reports of the other auditors on interim consolidated/standalone financial information of two subsidiaries and financial information of an associate, referred to in Other Matter section below, the Consolidated Financial Results:

(i) include the financial results of the entities as given in Annexure to this report;

(ii) are presented in accordance with the requirements of the LODR Regulations; and

(iii) give a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 ("Act"), read with relevant rules issued thereunder and other accounting principles generally accepted in India of the consolidated net profit and consolidated other comprehensive income and other financial information of the Group, its associates and joint ventures for the quarter and six months ended September 30, 2026.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibilities for Audit of the Consolidated Financial Results section below. We are independent of the Group, its associates and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Results under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter section below, is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management and Those Charged With Governance for the Consolidated Financial Results

This Consolidated Financial Results are the responsibility of the Company's management and have been approved by the Board of Directors for issuance. The Consolidated Financial Results have been compiled from the related Audited Interim Condensed Consolidated Financial Statements for the quarter and six months ended September 30, 2026, the Audited Interim Condensed Consolidated Financial Statements for the quarter ended June 30, 2026 and the Audited Consolidated Financial Statement for the year ended March 31, 2026. This responsibility includes the preparation and presentation of the Consolidated Financial Results that give a true and fair view of the consolidated net profit/(loss) and consolidated other comprehensive income/(loss) and other financial information of the Group including its associates and joint ventures in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the LODR Regulations.

The respective Board of Directors/Those Charged With Governance of the companies/entities included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the respective financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of this Consolidated Financial Results by the Board of Directors of the Parent, as aforesaid.

In preparing the Consolidated Financial Results, the respective management and the Board of Directors/Those Charged With Governance of the companies/entities included in the Group and of its associates and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors/Those Charged With Governance either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors/Those Charged With Governance of the companies/entities included in the Group and of its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Results

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Consolidated Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Deloitte Haskins & Sells LLP Chartered Accountants

RS

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal financial controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management and approved by the Board of Directors.

- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under the LODR Regulations.

- Conclude on the appropriateness of the Board of Directors/Those Charged With Governance Use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Results, including the disclosures, and whether the Consolidated Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

- Perform procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the LODR Regulations to the extent applicable.

- Obtain sufficient appropriate audit evidence regarding the standalone financial results, entities within the Group and its associates and joint ventures to express an opinion on the Consolidated Financial Results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Results of which we are the independent auditors. For the other entities included in the Consolidated Financial Results, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Results.

We communicate with Those Charged With Governance of the Parent and such other entities included in the Consolidated Financial Results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide Those Charged With Governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the LODR Regulations, as amended, to the extent applicable.

Other Matter

We did not audit the interim consolidated/standalone financial information of two subsidiaries, included in the Consolidated Financial Results, whose consolidated/standalone financial information reflects total assets of Rs. 19,648 million as at September 30, 2026, and revenue of Rs. 9,093 million and Rs. 20,495 million, net profit after tax of Rs. 240 million and Rs. 337 million and other comprehensive income/loss of Rs. 2 million and Rs. 5 million for the quarter and six months ended September 30, 2026, respectively, and net cash outflows of Rs. 1,022 million for the six months ended September 30, 2026 as considered in the consolidated Financial Result. The Consolidated Financial Results also include the Group's share of net profit after tax of Rs. 214 million and Rs. 362 million and other comprehensive income/loss of Rs. 8 million and Rs. 15 million for the quarter and six months ended September 30, 2026, respectively, as considered in the Consolidated Financial Results, in respect of an associate whose interim financial information has not been audited by us. These interim financial information have been audited by other auditors and our opinion on the Consolidated Financial Results, in so far as it relates to the amounts and disclosures included in respect of such subsidiaries and associate, is based solely on the reports of the other auditors.

Our report on the Consolidated Financial Results is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF INTERIM STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF
BHARTI AIRTEL LIMITED

Opinion

We have audited the accompanying Statement of Audited Standalone Financial Results for the quarter and six months ended September 30, 2026 of **BHARTI AIRTEL LIMITED** ("the Company"), ("the Standalone Financial Results"), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the LODR Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Standalone Financial Results:

(i) are presented in accordance with the requirements of the LODR Regulations; and

(ii) give a true and fair view in conformity with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 ("Act"), read with relevant rules issued thereunder and other accounting principles generally accepted in India of the net profit and other comprehensive income and other financial information of the Company for the quarter and six months ended September 30, 2026.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibilities for Audit of the Standalone Financial Results section of our report below. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Results under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management and Those Charged With Governance for the Standalone Financial Results

This Standalone Financial Results are the responsibility of the Company's management and have been approved by the Board of Directors for issuance. The Standalone Financial Results have been compiled from the related Audited Interim Condensed Standalone Financial Statements for the quarter and six months ended September 30, 2026, the audited Interim Condensed Standalone Financial Statements for the quarter ended June 30, 2026 and the Audited Standalone Financial Statements for the year ended March 31, 2026. This responsibility includes the preparation and presentation of the Standalone Financial Results that give a true and fair view of the net profit/(loss) and other comprehensive income/(loss) and other financial information in accordance with the recognition and measurement principles laid down in Ind AS 34 prescribed under Section 133 of the

Regd. Office: One International Center, Tower 3, 31st floor, Senapati Bapat Marg, Elphinstone Road (West), Mumbai-400 013, Maharashtra, India.

Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with the LODR Regulations.

The responsibility of Board of Directors includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Results, the management and the Board of Directors are responsible for assessing the Company's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal financial controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the management and approved by the Board of Directors.

- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under the LODR Regulations.

- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Deloitte Haskins & Sells LLP Chartered Accountants

- Evaluate the overall presentation, structure and content of the Standalone Financial Results, including the disclosures, and whether the Standalone Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

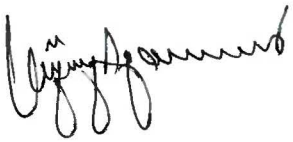

Materiality is the magnitude of misstatements in the Standalone Financial Results that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Results may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Results.

We communicate with Those Charged With Governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide Those Charged With Governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Bharti Airtel Limited – Media Release November 05, 2026

Gurugram, India, November 05, 2026: Bharti Airtel Limited ("Bharti Airtel" or "the Company") today announced its audited consolidated results for the quarter ended September 30, 2026.

Q2'27 Performance:

Our total Customer base expanded to 693 Mn across 15 countries supported by strong quarterly net additions of 12 Mn customers across India and Africa.

Consolidated revenues for the quarter grew 16.7% YoY and 4.0% QoQ to Rs 60,878 crore, led by strong momentum in both India and Africa. Consolidated EBITDA for the quarter stood at Rs 35,240 crore with EBITDA margin of 57.9%.

India revenues for Q2'27 reached Rs 42,308 crore, registering a strong growth of 9.4% YoY and 2.7% QoQ.

India Mobile revenue up 10.1% YoY, driven by strong customer additions and improved realization with Average Revenue Per User (ARPU) expanding to Rs 271 in Q2'27 from Rs 256 in Q2'26.

Strategic focus on strengthening our portfolio proposition led to exceptional performance in postpaid segment, resulting in record net additions of 1.2 Mn taking total base to 31.2 Mn. The smartphone data customer base expanded by 18.8 Mn over the past year.

During the quarter, Airtel strengthened its postpaid proposition by adding Apple's newly expanded iCloud+ offerings, which now also includes Apple TV and Apple Arcade, offering greater value and another reason for customers to upgrade.

We continue to strengthen our digital infrastructure and deployed 497 towers and 11,684 mobile broadband base stations during the quarter. Over the past year, network expansion included 5,649 towers and 44,718 kilometers of fiber, significantly enhancing coverage, capacity, and resilience.

Driven by strong demand and market penetration, the Homes segment revenue grew by 25.3% YoY. Net customer additions for the quarter stood at 676 K, bringing the total Homes customer base to 15.4 Mn.

With a customer base of 15.6 Mn, Digital TV delivered revenues of Rs 771 crore for the quarter, continuing to benefit from strong underlying growth in IPTV.

Airtel Business posted another quarter of double digit revenue growth of 11.4% YoY, led by strong momentum across the portfolio.

During the quarter, Airtel Business and ITI Limited enter into strategic partnership to accelerate India's digital transformation. As enterprises across the country advance their digitization in line with the nation's digital growth and development agenda, the collaboration will combine the complementary strengths and engineering excellence of ITI Limited and Airtel Business, to help businesses modernize legacy systems, improve operational efficiency, strengthen security, and respond faster to changing business demands.

Africa delivered yet another quarter of robust growth of 20.6% YoY in Constant Currency, with 193.9 Mn customer base. Reported Revenue growth also came in strong at 25.7% YoY.

In a statement, Gopal Vittal, Executive Vice Chairman, said:

We delivered another quarter of consistent performance with consolidated revenues of Rs 60,878 crore, increasing 4.0% QoQ, underscoring the strength of our diversified portfolio. Africa delivered a standout quarter with 6.7% QoQ constant currency revenue growth. Africa's improving performance is also benefiting from the rollout of Airtel's homegrown technology stack across markets, powering our go-to-market capabilities. Group-wide synergies are also beginning to deliver tangible operating gains. India business recorded strong revenue growth of 2.7% sequentially.
India Mobile delivered revenue growth of 3.4% QoQ, backed by our strategy of portfolio premiumization and winning quality customers. Our postpaid momentum remained strong with record high net customers additions of 1.2 million. We added 2.9 million smartphone data customers with continued improvement of our industry leading ARPU at Rs 271.
The Homes business saw 676 K customer additions, driven by disciplined customer acquisition and continued progress on our convergence strategy.
Airtel Business sustained strong momentum with revenue growth of 3.8% QoQ and 11.4% YoY, led by strong performance across the portfolio.
Our new growth engines continue to gain momentum. Our investment in a strategic land parcel during the quarter marks another important step towards realising our ambition of building 1 GW of data centre capacity. In Financial Services, early traction following the commercial launch has been very encouraging, with our digital platforms, advanced data analytics and disciplined operating model providing a strong foundation to scale the business.
We continue to maintain a strong and resilient balance sheet, anchored by robust cash generation and disciplined capital allocation.

Supplemental Disclosures

Safe Harbor: - Some information in this report may contain forward-looking statements. We have based these forward-looking statements on our current beliefs, expectations and intentions as to facts, actions and events that will or may occur in the future. Such statements generally are identified by forward-looking words such as "believe," "plan," "anticipate," "continue," "estimate," "expect," "may," "will" or other similar words.

A forward-looking statement may include a statement of the assumptions or basis underlying the forward-looking statement. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution you that forward-looking statements and assumed facts or basis almost always vary from actual results, and the differences between the results implied by the forward-looking statements and assumed facts or basis and actual results can be material, depending on the circumstances. You should also keep in mind that any forward-looking statement made by us in this report or elsewhere speaks only as of the date on which we made it. New risks and uncertainties come up from time to time, and it is impossible for us to predict these events or how they may affect us. We have no duty to, and do not intend to, update or revise the forward-looking statements in this report after the date hereof. In light of these risks and uncertainties, any forward-looking statement made in this report or elsewhere may or may not occur and has to be understood and read along with this supplemental disclosure.

General Risk: - Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Company without necessary diligence and relying on their own examination of Bharti Airtel, along with the equity investment risk which doesn't guarantee capital protection.

Convenience translation: - We publish our financial statements in Indian Rupees. All references herein to "Indian Rupees" and "Rs" are to Indian Rupees and all references herein to "US dollars" and "US$" are to United States dollars. Translation of income statement items have been made from Indian Rupees to United States dollars (unless otherwise indicated) using the respective quarter average rate. Translation of Statement of financial position items have been made from Indian Rupees to United States dollars (unless otherwise indicated) using the closing rate. The rates announced by the Reserve Bank of India are being used as the Reference rate for respective translations. All amounts translated into United States dollars as described above are provided solely for the convenience of the reader, and no representation is made that the Indian Rupees or United States dollar amounts referred to herein could have been or could be converted into United States dollars or Indian Rupees respectively, as the case may be, at any particular rate, the above rates or at all. Any discrepancies in any table between totals and sums of the amounts listed are due to rounding off.

Functional Translation: - Africa financials reported in the quarterly report are in its functional currency i.e. US$ (Refer "Section 10 Key Accounting Policies as per Ind-AS"). South Asia financials reported in the quarterly report are in its presentation currency i.e. Rs.

Use of Certain Non-GAAP measures: - This result announcement contains certain information on the Company's results of operations and cash flows that have been derived from amounts calculated in accordance with Indian Accounting Standards (Ind-AS), but are not in themselves Ind-AS measures. They should not be viewed in isolation as alternatives to the equivalent Ind-AS measures and should be read in conjunction with the equivalent Ind-AS measures.

Further, disclosures are also provided under "7.3 Use of Non - GAAP Financial Information" on page 34

  - At least Voice & SMS-only STV corresponding to existing bundled validity of more than 30 days (longer validity)
- The amendment is to be implemented within 30 days.

2. Key Company Developments

A. Airtel Business and ITI Limited enter into strategic partnership to accelerate India's digital transformation

In a significant move, Airtel Business, India's leading provider of secure and reliable connectivity, technology, and communications solutions, and ITI Limited, country's first PSU post-independence and premier telecom and varied technology segment manufacturer, have entered into a strategic collaboration to help enterprises in India fast-track their digital transformation and unlock new opportunities for growth, resilience, and innovation.

B. Airtel Enhances Postpaid Offering with Apple's Expanded iCloud+ Alongside Apple TV and Apple Arcade

Bharti Airtel enhanced its ₹999 and above family postpaid plans with Apple's expanded iCloud+, along with access to Apple TV and Apple Arcade. The proposition brings together connectivity, secure cloud storage, entertainment and gaming under a single plan, enhancing the value offered to families and strengthening Airtel's differentiated postpaid proposition.

C. Airtel Strengthens Network Readiness Across Odisha Ahead of Puri Rath Yatra

Ahead of the annual Rath Yatra in Odisha, Bharti Airtel strengthened its network infrastructure by deploying over 1,500 new 5G sites across the state. The enhanced network infrastructure supported seamless connectivity for millions of devotees, residents and visitors during one of India's largest religious gatherings, reinforcing Airtel's commitment to building resilient digital infrastructure for communities.

D. Bharti Airtel Strengthens Connectivity for Amarnath Yatra with Expanded Network Coverage

To support the annual Amarnath Yatra, Bharti Airtel expanded its network coverage along the Pahalgam route by deploying additional mobile sites at key locations. The strengthened network supported reliable connectivity for pilgrims, security personnel and local communities, enabling them to remain connected across challenging terrain throughout the pilgrimage.

5.3 Africa

Key Company Developments

A. Airtel Mobile Commerce N.V. ('Airtel Money') lists on London Stock Exchange

On 14 October 2026, Airtel Money was admitted to the Equity Shares (Commercial Companies) category of the Official List of the FCA and to trading on the Main Market of the London Stock Exchange ('LSE'). The IPO on the LSE represents a significant milestone in Airtel Money's evolution, establishing an independent listed platform to support its long-term growth ambitions and enhance its profile among global investors. The listing involved the offer of 270 million existing shares (10% of the issued share capital) at a price of £1.96. Airtel Africa did not sell any shares in the secondary offering and has retained its 77.85% shareholding. An over-allotment option of up to 27 million additional shares remains open during the stabilisation period, and its outcome will be announced in due course.
Following the IPO, Airtel Africa remains a long-term strategic shareholder and continues to benefit from Airtel Money's attractive growth opportunities, while the listing provides additional financial flexibility to support the business's future development and expansion across Africa.
Following the successful listing of Airtel Money on the LSE, the put option previously held by minority shareholders of Airtel Money will no longer be exercisable. However, due to the IPO being a post balance sheet event, the put option liability continues to be recognised as of 30 September 2026.

B. Update on share buyback programme

On 22 May 2026, Airtel Africa announced the launch of a share buyback programme to repurchase up to 1% of its issued share capital, reflecting the strength of its balance sheet and commitment to shareholder returns while maintaining flexibility to invest in growth opportunities across its markets. As an initial tranche, the Company entered into an agreement with Barclays Capital Securities Limited ("Barclays"). This tranche was completed in accordance with its terms on 28 September 2026.
As part of the first tranche, the Company returned $108.7m to shareholders through the repurchase of 24.5 million shares, utilising 0.67% of the 1% share repurchase authority approved by the Board.

C. Kenya spectrum acquisition

Airtel Kenya acquired 100 MHz of spectrum in the 3500 MHz band for $65 million for a 25-year term, following the approval

from the Communications Authority of Kenya, subject to standard conditions..

D. Directorate changes

Following the conclusion of the AGM on 9 July 2026, Sunil Bharti Mittal has retired as chair of the Board and Gopal Vittal was appointed non-executive chair of the Board with effect from the same date. Furthermore, Shravin Bharti Mittal assumed the role of deputy chair, and Annika Poutiainen retired as a non-executive director.
On 22 July 2026, the Group announced the appointment of Mr. V.K. Viswanathan as an independent non-executive director with effect from the same date. Mr. Viswanathan will also join the Audit and Risk Committee.

E. Nigeria Licence Renewal

On 15 April 2026, the Group's subsidiary Airtel Networks Limited ('Airtel Nigeria') received confirmation from the Nigerian Communications Commission (NCC) on the terms of its 900MHz spectrum renewal for $37m, payable in local currency. The licence will be valid for a period of ten years, following the expiry of the previous licence.

F. Dividend payment timetable

The board has declared an interim dividend of 3.1 cents for the half year ended 30 September 2026, payable on 11 December 2026 to shareholders recorded in the register at the close of business on 13 November 2026.

5.6 Bharti's Three Line Graph

The Company tracks its performance on a three-line graph.

The parameters considered for the three-line graph are:

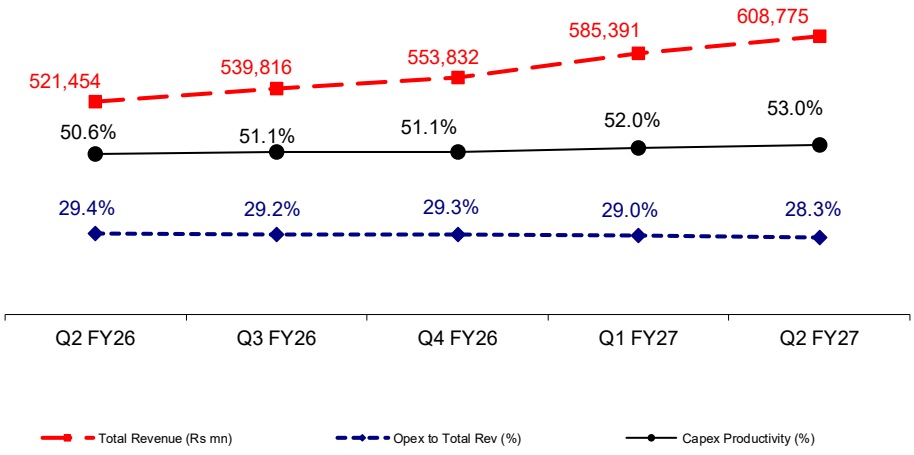

1. Total Revenues i.e. absolute turnover/sales

2. Opex Productivity – this is computed by dividing operating expenses by the total revenues for the respective period. Operating expenses is the sum of (i) employee costs (ii) network operations costs and (iii) selling, general and administrative costs. This ratio depicts the operational efficiencies in the Company

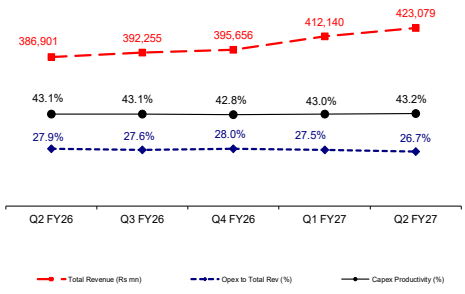

3. Capex Productivity – this is computed by dividing LTM revenue by gross cumulative capex (gross fixed assets and capital work in progress and excluding RoU assets) till date i.e. the physical investments made in the assets creation of the Company. This ratio depicts the asset productivity of the Company.

SECTION 10

KEY ACCOUNTING POLICIES AS PER Ind-AS

- **Property, Plant and equipment**

Property, plant and equipment (PPE) are stated at cost, net of accumulated depreciation and impairment loss. All direct costs relating to the acquisition and installation of property and equipment are capitalized. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets.

Assets	Years
Buildings	20
Building on leased land	Lease term or 20 years whichever is less
Network equipment	3 – 25
Customer premises equipment	3 – 7
Computer equipment & Servers	3 – 5
Furniture & fixture and office equipment	1 – 5
Vehicles	3 – 5
Aircraft	20
Leasehold improvements	Lease term or 20 years lease term whichever is less

Freehold land is not depreciated. The useful lives, residual values and depreciation method of PPE are reviewed, and adjusted appropriately, at-least as at each financial year so as to ensure that the method and period of depreciation are consistent with the expected pattern of economic benefits from these assets.

Costs of additions and substantial improvements to property and equipment are capitalized. The costs of maintenance and repairs of property and equipment are charged to operating expenses.

- **Goodwill**

Goodwill arising on the acquisition of an entity represents the excess of the cost of acquisition over the fair value of the identifiable net assets of the entity recognized at the date of acquisition. Goodwill is not subject to amortization but is tested for impairment annually and when circumstances indicate, the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than their carrying amount an impairment loss is recognized. Impairment losses relating to goodwill are not reversed in future periods. On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the profit or loss recognized in the statement of profit and loss on disposal.

- **Other Intangible assets**

Intangible assets are recognized when the Group controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be measured reliably.

The intangible assets that are acquired in a business combination are recognized at its fair value. Other intangible assets are recognized at cost. Those assets having finite useful life are carried at cost less accumulated amortization and impairment losses, if any. Amortization is computed using the straight-line method over the expected useful life of intangible assets.

The Group has established the estimated useful lives of different categories of intangible assets as follows:

a. Licenses (including spectrum)
Acquired licenses and spectrum are amortized commencing from the date when the related network is available for intended use in the relevant jurisdiction. The useful lives range upto twenty five years.

The revenue-share based fee on licenses / spectrum is charged to the statement of profit and loss in the period such cost is incurred.

b. Software: Software are amortized over the period of license, generally not exceeding five years.

The useful lives and amortization method are reviewed, and adjusted appropriately, at least at each financial year end so as to ensure that the method and period of amortization are consistent with the expected pattern of economic benefits from these assets. The effect of any change in the estimated useful lives and / or amortization method is accounted prospectively, and accordingly the amortization is calculated over the remaining revised useful life.

Further, the cost of intangible assets under development includes the borrowing costs that are directly attributable to the acquisition or construction of qualifying assets and are presented separately in the Balance Sheet.

- **Investment in Joint Ventures and Associates**

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.
Investment in joint ventures and associates are accounted for using equity method from the date on which Group obtains joint control over the joint venture / starts exercising significant influence over the associate.
Accounting policies of the respective joint venture and associate are aligned wherever necessary, so as to ensure consistency with the accounting policies that are adopted by the Group under

Ind AS. The Group's investments in its joint ventures and associates are accounted for using the equity method. Accordingly, the investments are carried at cost less any impairment loss as adjusted for post-acquisition changes in the Group's share of the net assets of investees. Losses of a joint venture or an associate in excess of the Group's interest in that joint venture or associate are not recognized. However, additional losses are provided for, and a liability is recognized, only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the joint venture or associate.

The said investments are tested for impairment whenever circumstances indicate that their carrying values may exceed the recoverable amount (viz. higher of the fair value less costs to sell and the value-in-use). If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of investment and its carrying value.

- **Leases**

The Group, at the inception of a contract, assesses the contract as, or containing, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether the contract involves the use of an identified asset, the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and the Group has the right to direct the use of the asset.

Group as a lessee

The Group recognizes a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee in the Balance Sheet. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using incremental borrowing rate (as the rate implicit in the lease cannot be readily determined). Lease liabilities include the net present value of fixed payments (including any in-substance fixed payments), any variable lease payments that are based on consumer price index ('CPI'), the exercise price of a purchase option if the lessee is reasonably certain to exercise that option, and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising that option.

Subsequently, the lease liability is measured at amortized cost using the effective interest method. It is re-measured when there is a change in future lease payments including due to changes in CPI or if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or when the lease contract is modified and the lease modification is not accounted for as a separate lease. The corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the related right-of-use asset has been reduced to zero.
Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability, any lease payments made at or before the commencement date, any initial direct costs less any lease incentives received.

Subsequent to initial recognition, right-of-use asset are stated at cost less accumulated depreciation and any impairment losses and adjusted for certain re-measurements of the lease liability. Depreciation is computed using the straight-line method from the commencement date to the end of the useful life of the underlying asset or the end of the lease term, whichever is shorter. The estimated useful lives of right-of-use assets are determined on the same basis as those of the underlying property and equipment.
In the Balance Sheet, the right-of-use assets and lease liabilities are presented separately.

When a contract includes lease and non-lease components, the Group allocates the consideration in the contract on the basis of the relative stand-alone prices of each lease component and the aggregate stand-alone price of the non-lease components.

Short-term leases and leases of low-value assets

The Group has elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Group as a lessor

Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Amounts due from lessees under a finance lease are recognized as receivables at an amount equal to the net investment in the leased assets. Finance lease income is allocated to the periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the finance lease.
Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized on a straight line basis over the lease term.
When a contract includes lease and non-lease components, the Group applies Ind AS 115 'Revenue from Contracts with Customers' to allocate the consideration under the contract to each component.

The Group enters into 'Indefeasible right to use' ('IRU') arrangements wherein the right to use the assets is given over the substantial part of the asset life. However, as the title to the assets and the significant risks associated with the operation and maintenance of these assets remains with the Group, such arrangements are recognized as operating lease. The contracted price is recognized as revenue during the tenure of the agreement. Unearned IRU revenue received in advance is presented as deferred revenue within liabilities in the Balance Sheet.

- **Derivative financial instruments**

Derivative financial instruments, including separated embedded derivatives, that are not designated as hedging instruments in a hedging relationship are classified as financial instruments at fair value through profit or loss - Held for trading. Such derivative financial instruments are initially recognized at fair value. They are subsequently re-measured at their fair value, with changes in fair value being recognized in the statement of profit and loss.

- **Hedging activities**

i. Net investment hedge

The Group hedges its certain net investment in certain foreign subsidiaries. which are accounted for similar to cash flow hedges. Accordingly, any foreign exchange differences on the hedging instrument (viz. borrowings) relating to the effective portion of the hedge is recognized in other comprehensive income as foreign currency translation reserve within other components of equity, so as to offset the change in the value of the net investment being hedged. The ineffective portion of the gain or loss on these hedges is immediately recognized in the statement of profit and loss. The amounts accumulated in equity are included in the statement of profit and loss when the foreign operation is disposed or partially disposed.

- **Revenue recognition**

Revenue is recognized upon transfer of control of promised products or services to customer at the amount of transaction price (net of variable consideration) which the Group has received or expects to receive in exchange of those products or services, net of any taxes / duties, discounts and process waivers. In order to determine if it is acting as a principal or as an agent, the Group assesses whether it is primarily responsible for fulfilling the performance obligation and whether it controls the promised service before transfer to customers. Revenue is recognised when, or as, each distinct performance obligation is satisfied. The main categories of revenue and the basis of recognition are as follows:

(i) Service revenues

Service revenues mainly pertain to usage, subscription and activation onboarding for voice, data, messaging and value added services and Direct to Home (DTH). It also includes revenue from interconnection / roaming charges for usage of the Group's network by other operators for voice, data, messaging and signaling services, which are recognized upon transfer of control of services over time. Service revenues also include rental revenue from leasing of passive infrastructure, rental revenue for use of sites and energy revenue for the provision of energy for operation of sites.
Usage charges are recognized based on actual usage. Subscription charges are recognized over the estimated customer relationship period or subscription pack validity period, whichever is lower. Customer onboarding revenue and associated cost is recognized upon successful onboarding of customer i.e. upfront. Revenues in excess of invoicing are classified as unbilled revenue while invoicing / collection in excess of revenue are classified as deferred revenue / advance from customer.

The billing / collection in excess of revenue recognized is presented as deferred revenue in the Balance Sheet whereas unbilled revenue is recognized under other current financial assets.

Certain business services revenue include revenue from registration and installation, which are amortized over the period of agreement since the date of activation of service.

Revenues from long distance operations comprise of voice services and bandwidth services (including installation), which are recognized on provision of services and over the period of respective arrangements.

As part of the mobile money services, the Group earns commission from merchants for facilitating recharges, bill payments and other merchant payments. It also earns commission on transfer of monies from one customer wallet to another. Such commissions are recognized as revenue at a point in time on fulfilment of those services by the Group.

(ii) Multiple element arrangements

The Group has entered into certain multiple-element revenue arrangements which involve the delivery or performance of multiple products, services or rights to use assets. At the inception of the arrangement, all the deliverables therein are evaluated to determine whether they represent distinct performance obligations and if so, they are accounted for separately.

Total consideration related to the multiple element arrangements is allocated to each performance obligation based on their standalone selling prices.

(iii) Equipment sales

Equipment sales mainly pertain to sale of telecommunication equipment and related accessories, for which revenue is recognized when the control of such equipment is transferred to the customer. However, in case of equipment sale forming part of multiple-element revenue arrangements which is not distinct performance obligation, revenue is recognized over the customer relationship period.

(iv) Interest Income

The interest income is recognized using the effective interest rate method.

(v) Dividend Income

Dividend income is recognized when the Group's right to receive the payment is established.

- **Cost to obtain or fulfill a contract with a customer**

The Group incurs certain cost to obtain or fulfill contracts with the customer viz. intermediary commission, etc. where based on Group's estimate of historic average customer life derived from customer churn rate is longer than 12 months, such costs are deferred and are recognized over the average expected customer life.

- **Exceptional items**

Exceptional items refer to items of income or expense within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Group.

- **Foreign currency transactions**

(i) Functional and presentation currency

The financial statements are presented in Indian Rupees, which is the functional, and presentation currency of the Company.
The items included in financial statements of each of the Group's entities are measured using the currency of primary economic environment in which the entity operates (i.e. 'functional currency').

(ii) Transactions and balances

Transactions in foreign currencies are initially recorded in the relevant functional currency at the exchange rate prevailing at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the closing exchange rate prevailing as at the reporting date with the resulting foreign exchange differences, on subsequent re-statement / settlement, recognized in the statement of profit and loss. Non-monetary assets and liabilities denominated in foreign currencies are translated into the functional currency using the exchange rate prevalent, at the date of initial recognition (in case they are measured at historical cost) or at the date when the fair value is determined (in case they are measured at fair value) – the resulting foreign exchange difference, on subsequent re-statement / settlement, recognised in the statement of profit and loss, except to the extent that it relates to items recognised in the other comprehensive income or directly in equity

(iii) Foreign operations

The assets and liabilities of foreign operations (including the goodwill and fair value adjustments arising on the acquisition of foreign entities) are translated into Rupees at the exchange rates prevailing at the reporting date whereas their statements of profit and loss are translated into Rupees at monthly average exchange rates and the equity is recorded at the historical rate. The resulting exchange differences arising on the translation are recognized in other comprehensive income and held in foreign currency translation reserve. On disposal of a foreign operation (that is, disposal involving loss of control), the component of other comprehensive income relating to that particular foreign operation is reclassified to profit or loss.

(iv) Net Investment in Foreign operations

When a monetary item forms part of the Group's net investment in a foreign operation, the exchange differences are then recognized initially in other comprehensive income and are held within the foreign currency translation reserve (FCTR). Such FCTR is reclassified from equity to profit and loss on disposal of the foreign operation.

- **Taxes**

Current tax is calculated on the basis of the tax rates, laws and regulations, which have been enacted or substantively enacted as at the reporting date in the respective countries where the Group entities operate and generate taxable income.

Deferred tax is recognized on temporary differences arising between the tax bases of assets and liabilities and their carrying values in the financial statements. Deferred tax is also recognised in respect of carried forward tax losses and tax credits. However, deferred tax are not recognized if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Further, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill.

Deferred tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. Moreover, deferred tax is recognized on temporary differences arising on investments in subsidiaries, joint ventures and associates - unless the timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

The unrecognized deferred tax assets / carrying amount of deferred tax assets are reviewed at each reporting date for recoverability and adjusted appropriately.

- **Transactions with non-controlling interests**

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners in their capacity as owners. The differences between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity

SECTION 11

GLOSSARY

Technical and Industry Terms

Company Related	
Asset Turnover	Asset Turnover is defined as total revenues, for the preceding (last) 12 months from the end of the relevant period, divided by average assets. Asset is defined as the sum of non-current assets and net current assets. Net current assets are computed by subtracting current liabilities from current assets. Average assets is calculated by considering average of Opening and closing assets for the relevant period.
Average Customers	Average customers are derived by computing the average of the monthly average customers for the relevant period.
Average Co-locations	Average co-locations are derived by computing the average of the Opening and Closing co-locations for the relevant period.
Average Revenue Per User (ARPU)	Average revenue per user per month. This is derived by dividing total revenue during the relevant period by the average number of customers during the period and dividing the result by the number of months in the relevant period.
Average Sharing Factor	It is calculated as the average of the opening and closing number of co-locations divided by the average of the opening and closing number of towers for the relevant period.
Average Towers	Average towers are derived by computing the average of the Opening and Closing towers for the relevant period.
Book Value Per Equity Share	Equity attributable to the holder's of parent as at the end of the relevant period divided by outstanding equity shares as at the end of the relevant period.
Capex	It includes investment in gross fixed assets (both tangible and intangible but excluding spectrum) and capital work in progress for the period. It excludes land Capex.
Capital Employed	Capital Employed is defined as sum of equity attributable to parent & non-controlling interest and net debt.
Constant Currency (Africa)	The Group has presented certain financial information that is calculated by translating the results at a fixed 'constant currency' exchange rate, which is done to measure the organic performance of the Group and represents the performance of the business in a better way. Constant currency amounts and growth rates are calculated using closing exchange rates as of 31 March 2026 for all reporting regions and service segments.
Cumulative Investments	Cumulative Investments comprises of gross value of property, plant & equipment (including CWIP & capital advances) and intangibles including investment in associates.
Cash Profit from Operations before Derivative & Exchange Fluctuation	It is not an Ind-AS measure and is defined as profit from operating activities before depreciation, amortization and exceptional items adjusted for interest expense before adjusting for derivative & exchange (gain)/ loss.
Churn	Churn is calculated by dividing the total number of disconnections during the relevant period by the average customers; and dividing the result by the number of months in the relevant period.
Closing Sharing Factor	Closing Sharing factor is calculated as the closing number of co-locations divided by closing number of towers as at the end of relevant period.
Co-locations	Co-location is the total number of sharing operators at a tower, and where there is a single operator at a tower, 'co-location' refers to that single operator. Co-locations as referred to are revenue generating Co-locations.

Census Towns	Number of Census Towns identified in Census 2011 that are covered by Airtel's 4G network.
Customer Base	Customers generating revenue through recharge, billing or any outgoing activity.
Customers Per Employee	Number of customers on networks of a business unit as at end of the relevant period divided by number of employees in the respective business unit as at end of the relevant period.
Data Customer Base	A customer who used at least 1 MB, across technologies, on network in the last 30 days.
Data Usage per Customer	It is calculated by dividing the total MBs consumed on the network during the relevant period by the average data customer base; and dividing the result by the number of months in the relevant period.
Digital TV Services	Direct to Home broadcast service including IPTV
Earnings Per Basic Share	It is computed by dividing net income attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding during the period.
Earnings Per Diluted Share	The calculation of Net Profit/ (loss) per diluted share adjusts net profit or loss and the weighted average number of ordinary shares outstanding, to give effect to all dilutive potential ordinary shares that were outstanding during the year. Net profit or loss attributable to ordinary shareholders is adjusted for the after-tax effect of the following: (1) dividends on potential ordinary shares (for example, dilutive convertible preferred shares); (2) interest recognized on potential ordinary shares (for example, dilutive convertible debt); and (3) any other changes in income or expense resulting from the conversion of dilutive potential ordinary shares (e.g., an entity's contribution to its non-discretionary employee profit-sharing plan may be revised based on changes in net profit due to the effects of items discussed above).
EBITDA	Earnings/ (loss) before interest, taxation, depreciation and amortization. It is not an Ind-AS measure and is defined as profit from operating activities before depreciation, amortization and exceptional items adjusted for charity and donation, finance income (part of other income) and license fees on finance income.
EBITDAaL	Earnings/ (loss) before interest, taxation, depreciation and amortization, adjusted for leases.
EBITDA Margin	It is computed by dividing EBITDA for the relevant period by total revenues for the relevant period.
EBITDAaL Margin	It is computed by dividing EBITDAaL for the relevant period by total revenues for the relevant period.
EBIT	EBITDA adjusted for depreciation and amortization.
Enterprise Valuation (EV)	Calculated as sum of Market Capitalization, Net Debt (including finance lease obligations) as at the end of the relevant period.
EV / EBITDA (times)	For full year ended March 31 2024, 2025 and 2026, It is computed by dividing Enterprise Valuation as at the end of the relevant period (EV) by EBITDA for the relevant period (LTM). For quarterly computation, Computed by dividing Enterprise Valuation as at the end of the relevant period (EV) by annualized EBITDA for the relevant period.
Finance Lease Obligation (FLO)	Finance Lease Obligation represents present value of future obligation for assets taken on finance lease.
Gross Revenue per Employee per month	It is computed by dividing the Gross Revenue (net of inter-segment eliminations) by the closing number of employees in a given business unit and number of months in the relevant period.

Interest Coverage Ratio	EBITDA for the relevant period divided by interest on borrowing for the relevant period.
India	Pursuant to reporting changes on account of consolidation of Indus Towers Limited, the definition of India geography has changed. India represents operational performance including Passive Infrastructure Services (Indus Tower Limited) for all periods presented.
Lean	Lean products are primarily deployed for network densification – by plugging coverage gaps, providing localized coverage in low population areas, and augmenting the existing coverage and capacity in a specific area. They operate on limited spectrum bands and provide a limited coverage. They have fixed height and capacity for power and antenna loading.
Macro	Macro products are primarily deployed to provide coverage and capacity. They operate on all available spectrum bands and can have a coverage up to a few kilometers. These are fully configurable sites with augmentable capacity for power and antenna loading to meet customer upgrade and network change requirement.
Market Capitalization	Number of issued and outstanding shares as at end of the period multiplied by closing market price (BSE) as at end of the period.
Mobile Broadband Base stations	It includes all the 4G and 5G Base stations deployed across all technologies i.e. 900/1800/2100/2300/3300 Mhz bands.
Smartphone Data Customer	A customer who used at least 1 MB on 4G/5G network in the last 30 days.
Mobile Broadband Towers	It means the total number of network towers (defined below) in which unique number of either 4G or 5G Base stations are deployed, irrespective of their technologies. Total numbers of Mobile Broadband Towers are subset of Total Network Towers.
Minutes on the network	Duration in minutes for which a customer uses the network. It is typically expressed over a period of one month. It includes incoming, outgoing and in-roaming minutes.
Network Towers	A network tower is a physical infrastructure equipped with Base Transmission System (BTS), antennas and radios that enables the transmission and reception of radio frequency (RF) signals to facilitate mobile communication, voice services, internet access, and other wireless data services. It includes all the Ground based, Roof top and In Building Solutions as at the end of the period.
Net Debt	It is not an Ind-AS measure and is defined as the long-term debt, net of current portion plus short-term borrowings, current portion of long-term debt and lease liabilities minus cash and cash equivalents and short term investments. The debt origination cost and Bond fair value hedge are not included in the borrowings
Net Debt (excluding Lease obligations)	It is not an Ind-AS measure and is defined as the long-term debt, net of current portion plus short-term borrowings and current portion of long-term debt minus cash and cash equivalents and short term investments. The debt origination cost and Bond fair value hedge are not included in the borrowings
Net Debt to EBITDA (Annualized)	For the full year ended March 31 2024, 2025 and 2026, it is Computed by dividing net debt at the end of the relevant period by EBITDA for the relevant period (LTM).For Quarterly computation, It is computed by dividing net debt as at the end of the relevant period by EBITDA for the relevant period (annualized).
Net Debt (excluding Lease obligations) to EBITDAaL (Annualized)	For the full year ended March 31 2024, 2025 and 2026, it is Computed by dividing net debt (Pre Ind AS 116) at the end of the relevant period by $EBITDA_{AL}$ for the relevant period (LTM).For Quarterly computation, It is computed by dividing net debt (Pre Ind AS 116) as at the end of the relevant period by $EBITDA_{AL}$ for the relevant period (annualized).
Net Debt to Funded Equity Ratio	It is computed by dividing net debt as at the end of the relevant period by Equity attributable to equity holders of parent as at the end of the relevant period.

Net Profit (before exceptional items) Margin	It is computed by dividing Net income (before exceptional items) of the relevant period by Total revenues of the relevant period.
Net Revenues	It is not an Ind-AS measure and is defined as total revenues adjusted for access charges, cost of goods sold and license fees for the relevant period.
Operating Free Cash flow	It is computed by subtracting capex from EBITDA.
Personnel Cost per Employee per month	It is computed by dividing the Personnel Cost by the closing number of employees in a given business unit and number of months in the relevant period.
Price-Earnings Ratio – P/E Ratio	It is computed by dividing the closing market price (BSE) as at end of the relevant period by the earnings per basic share for the relevant period (LTM).
Profit / (Loss) after current tax expense	It is not an Ind-AS measure and is defined as Profit / (Loss) before taxation adjusted for current tax expense.
Return On Capital Employed (ROCE)	For the full year ended March 31 2024, 2025 and 2026, ROCE is computed by dividing the EBIT for the period by the average (of opening & Closing) Capital employed. For the quarterly computation, it is computed by dividing the EBIT (annualized for the relevant period) by average capital employed. Average capital employed is calculated by considering average of opening and closing capital employed for the relevant period).
Return On Equity (Post Tax)	For the full year ended March 31 2024, 2025 and 2026, it is computed by dividing net profit for the period by the average (of opening and closing) Equity attributable to equity holders of parent. For the quarterly computations, it is computed by dividing net profit for the preceding (last) 12 months from the end of the relevant period by the average equity attributable to equity holders of parent (Average parent equity is calculated by considering average of opening and closing parent equity for the relevant period).
Return On Equity (Pre Tax)	For the full year ended March 31 2024, 2025 and 2026, it is computed by dividing profit before tax & MI (after exceptional items) for the period by the average (of opening and closing) total Equity. For the quarterly computations, it is computed by dividing profit before tax & MI (after exceptional items) for the preceding (last) 12 months from the end of the relevant period by the average total equity (Average total equity is calculated by considering average of opening and closing total equity for the relevant period).
Revenue per Site per month	Revenue per Site per month is computed by: dividing the total mobile revenues, excluding sale of goods (if any) during the relevant period by the average sites; and dividing the result by the number of months in the relevant period.
Sharing Operator	A party granted access to a tower and who has installed active infrastructure at the tower.
Sharing Revenue	It represents total revenue excluding energy reimbursements accrued during the relevant period.
Sharing revenue per Sharing Operator per month	Is calculated on the basis of sharing revenues accrued during the relevant period divided by the average number of colocations for the period (including such co-locations for which exit notices have been received, but actual exits have not yet happened as at period end), determined on the basis of opening and closing number of co-locations for the relevant period.
