Focus Lighting and Fixtures Limited Inaugurates Experience Centre in the United Kingdom, Marking a Significant Milestone in Its Global Expansion Journey

Mumbai | November 18, 2026

Focus Lighting and Fixtures Limited ("the Company"), a leading player in the lighting and fixtures industry, is pleased to announce the inauguration of its Experience Centre in the **Islington, London, United Kingdom,** marking a significant milestone in the Company's continued journey towards expanding its international presence and strengthening its footprint in key overseas markets.

The inauguration of the Experience Centre represents an important step in the Company's global growth strategy and reflects its commitment to taking its expertise in innovative lighting solutions to international markets. The initiative is aimed at establishing closer engagement with customers, architects, interior designers, lighting consultants, developers and other industry professionals while creating greater awareness of the Company's product capabilities and design-led lighting solutions.

The newly inaugurated Experience Centre has been conceptualised as a dedicated space to showcase the Company's comprehensive portfolio of lighting solutions across **indoor and outdoor applications**, **with a strong emphasis on precision lighting, visual comfort, glare control and performance-driven design.** The Centre will provide visitors with an opportunity to experience the Company's diverse range of lighting products, understand their technical and aesthetic features and explore solutions designed to meet varied architectural, commercial, residential and outdoor lighting requirements.

At the core of the Company's lighting philosophy is the objective of delivering **precise illumination, enhanced visual comfort and effective glare management** without compromising on aesthetics and functionality. Through its range of thoughtfully engineered lighting fixtures, the Company seeks to create lighting environments that enhance the visual experience of a space while addressing the practical and technical requirements of modern architecture and design.

The Experience Centre will enable visitors to experience firsthand how carefully designed lighting solutions can transform spaces through controlled illumination, anti-glare technology, appropriate light distribution and seamless integration with architectural elements. The display will also highlight the Company's capabilities in delivering lighting solutions for diverse indoor and outdoor environments, catering to the evolving requirements of contemporary lighting design.

The initiative is expected to enhance the Company's visibility in the international lighting industry, facilitate engagement with the local design and architectural community and create opportunities to develop relationships with potential customers, distributors, channel partners and other stakeholders. The Company believes that establishing a physical presence in the United Kingdom will provide a platform to better understand regional market requirements, respond to evolving customer preferences and explore potential business opportunities in the overseas market.

Commenting on the performance, Mr. Amit Vinod Sheth, Managing Director of Focus Lighting And Fixtures Limited said, *"The inauguration of our Experience Centre in the United Kingdom marks an important milestone in our journey towards expanding our international presence and a strategic step forward in our global growth journey. We believe that lighting goes beyond illumination and plays a significant role in defining spaces, enhancing experiences and bringing architectural concepts to life. Through this UK Flagship Experience Centre, we aim to bring our products, design capabilities and lighting solutions closer to customers and industry professionals in the United Kingdom. This initiative reflects our commitment to exploring new markets, building meaningful relationships and creating sustainable growth opportunities for the Company. Having a dedicated space here allows us to engage directly with the international design community, demonstrate our engineering capabilities in real-world applications, and deliver tailored lighting solutions to our overseas partners. We look forward to strengthening our presence in international markets and taking our brand to a wider global audience."*

The Company remains focused on pursuing opportunities that align with its long-term business strategy, strengthening its market presence and delivering innovative lighting solutions that combine design, technology, quality and functionality. This initiative is another step in this direction and underscores the Company's **commitment to expanding its horizons and creating value for its stakeholders.**

About Focus Lighting And Fixtures Limited

Focus Lighting And Fixtures Limited (NSE – FOCUS) The Company established in 2005, is engaged in the business of manufacturing LED lights and Fixtures.
