Ampere powers ahead: FY27 E2W volumes surpass full-year FY26 in just 7 months; reaches the Top 5 position

- 93% YoY growth reflects accelerating consumer momentum
- During FY27, 70,333 VAHAN registrations till November 15, 2026, versus 61,842 in full-year FY26
- Secures 5th position with 5.7% market share for Nov 2026 (till November 15, 2026)

New Delhi/Bengaluru, 16 November 2026: Ampere, the electric two-wheeler brand of Greaves Electric Mobility Limited (GEML), continues to accelerate its growth momentum, supported by increasing consumer traction for its products and a growing presence across the Indian electric two-wheeler market.

In FY27, until November 15, 2026, Ampere recorded 70,333 VAHAN registrations, surpassing the 61,842 registrations recorded during the entire FY26. This represents 93% year-on-year growth, compared with 36,452 registrations during the corresponding period of FY26. Ampere reached 5th position with a 5.7% share of the electric two-wheeler market as on 15th Nov 2026

Commenting on the performance, **Mr. Vikas Singh, Managing Director, Greaves Electric Mobility,** said, "India's transition to electric mobility will be shaped by products that deliver real value without compromising aspiration. That is the opportunity we are building Ampere around. Through 'Bharat Ki Smart Ride', we are bringing together reliability, affordability and meaningful technology for everyday India. The momentum we are seeing strengthens our resolve to scale with discipline, deepen our consumer connect and build a sustainable and profitable electric mobility business."

Ampere's multiple award-winning EV portfolio, including the Nexus EX+, Magnus GMax, Magnus Neo, and Reo Vyb, is designed around the diverse everyday mobility needs of Indian consumers. The portfolio reflects the Ampere's 'Bharat Ki Smart Ride' proposition of combining practical innovation, reliability and value for India's evolving mobility needs.

Ampere has also demonstrated product capability in demanding real-world conditions. The Magnus GMax with Intellipack recently completed the Ultimate Endurance Ride, covering over 4,000 km in just 15 days, from Dong Valley in Arunachal Pradesh to Guhar Moti in Gujarat, traversing mountains, plains and desert. The Nexus has previously conquered the 70 hairpin bends of Kolli Hills and reached Shipki La Pass at 13,200 ft, demonstrating performance and capability across varied Indian terrain.

Ampere continues to strengthen its product portfolio, retail reach, financing ecosystem and customer experience as it builds towards making electric mobility a more accessible and preferred choice for consumers across India.

****End****

About Greaves Cotton Limited:

With a legacy of over 165 years, Greaves Cotton Limited is a diversified, future-ready engineering company delivering innovative and sustainable solutions to customers across key sectors. Renowned for its precision engineering and technology leadership, the Company's growth strategy is anchored on three core dimensions: accelerating its core businesses, building new muscle onto the core, and expanding into new horizons across Energy Solutions, Mobility Solutions, and Industrial Solutions.

As one of India's largest manufacturers of single-cylinder diesel engines, and a pioneer in introducing them for microcar applications in the European market, Greaves continues to reinforce its commitment to accessible, efficient, and reliable mobility. Guided by its purpose of 'Empowering Lives', Greaves is committed to providing reliable products, sustainable technology, and customer-centric solutions. With its strong engineering foundation and continuous innovation, the Company aims to enable people, businesses, and communities to progress with confidence in a future rooted in engineering excellence and driven by efficient energy.

The investee companies of Greaves include Greaves Electric Mobility Limited (GEML) with its diverse portfolio of electric 2 & 3 wheelers for passenger and cargo mobility, and Greaves Finance Limited (GFL) with ev.fin, a 100% EV focused NBFC that leverages cutting-edge technology to offer customised financing options & seamless buying experience. Both these businesses play a significant role in accelerating EV adoption in India.
