Unearthing The Potential Of Amusement & Theme Parks

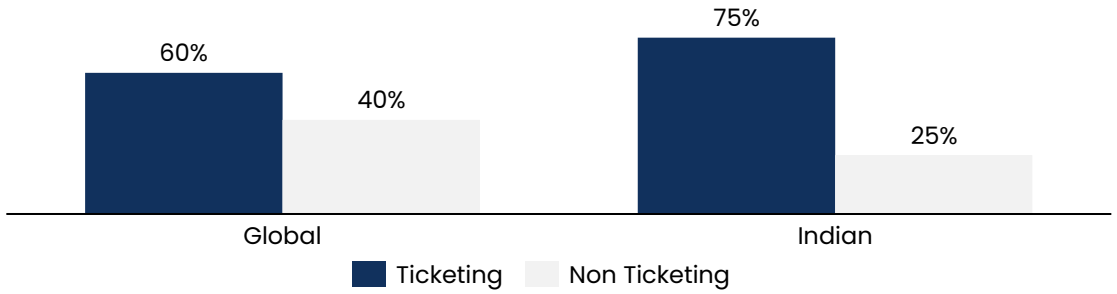

Indian Amusement & Theme Park industry to grow at healthy 9-11% CAGR from FY2024 to FY2030

- ✓ Growth is expected to be supported by expansion of players in diverse geographies including tier-2 and tier-3 cities
- ✓ Players are innovating their product and service offerings to enhance guest experience → adopting digital means of ticketing, offering group discounts, theme parties, festival celebrations to attract higher footfalls
- ✓ Ticket revenue continues to remain dominant stream for Indian amusement and theme park players
- ✓ Indian market is dominated by medium and small parks given high capex and regulatory compliances with few large parks

Outlook of Indian entertainment park industry market

Revenue Streams of Amusement Parks

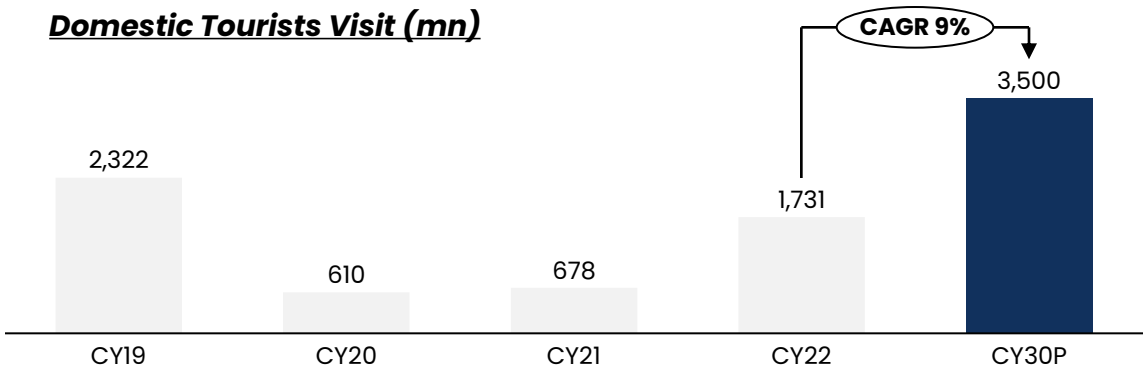

- Significant difference between revenue mix of Indian Amusement Parks compared to Global Parks
- Largely due to lower discretionary spending power of Indian consumers

Source: Crisil Industry report

Factors Supporting This Growth

Rise in domestic tourism due to increased connectivity

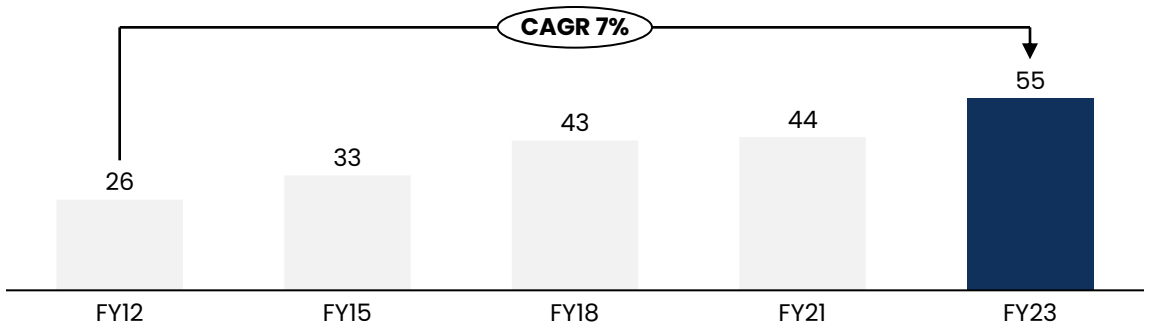

Domestic Tourists Visit (mn)

Robust growth in Domestic Tourist Visits (DTV) is aiding the tourism allied sectors like hotels, amusement parks etc.

Increasing disposable income & evolving consumer behaviour

Consistent rise in discretionary personal consumption, PFCE (INR tn)

Spending on leisure activities like amusement and theme parks is linked to discretionary spending

State government provide fiscal incentive to the industry

- ✓ **Maharashtra (Tourism policy 2016) –** Fiscal and additional incentives for eligible units including water sports and amusement parks
- ✓ **Gujarat (Tourism policy 2021-2025) –** incentives in the form of capital subsidy, exemption of electricity duty etc. for parks with investment >INR 500 mn are eligible
- ✓ **Tamil Nadu (Tourism policy 2023) –** investments in the entertainment parks/projects spread over minimum 15 acres of land will be supported
- ✓ **Madhya Pradesh (Tourism policy 2016) –** Hotels, resorts, water parks, amusement parks are will be eligible for the subsidy/incentives

Source: Crisil Industry report

Key Entry Barriers

Capital Intensive Business

- ✓ Requires upfront investment for new park set up
- ✓ Incur Replacement & Refresh capex for new rides every 2-3 years to attract customers and get repeat footfalls

Lack of differentiated offerings

- ✓ Most players (except for few large players) do not have unique offerings in terms of overall experience or rides & attractions
- ✓ This constrains their ability to attract repeat demand

Land Acquisition Hurdles

- ✓ Parks are extremely land intensive business as typical large parks require around 30-50 acres
- ✓ Land acquisition is complex and key hurdles are to find strategic locations, regulatory clearances and rehabilitation if required

Executional & Operational Expertise

- ✓ Indian amusement and theme park industry players requires execution experience in operating and managing operations
- ✓ Longer break-even periods, players require expertise in execution and managing day to day operations
