Indian Phosphate Limited Reports H1 FY27 Result

Consolidated Total Income up 84% YoY | EBITDA up 74% YoY | Net Profit up 93% YoY

Udaipur, Rajasthan, November 14, 2026: Indian Phosphate Limited (NSE: IPHL), a manufacturer of chemicals and phosphatic fertilizers with integrated manufacturing operations across Rajasthan and Tamil Nadu, has announced its unaudited standalone and consolidated financial results for the half year ended September 30, 2026.

CONSOLIDATED FINANCIAL HIGHLIGHTS

(₹ in Lakh, except EPS and margins)

Particulars	H1 FY27	H1 FY26	YoY Change
Total Income	90,773.34	49,258.94	**84.28%**
EBITDA	3,428.64	1,965.81	**74.41%**
Net Profit	1,958.75	1,016.53	**92.69%**
EPS (₹)	6.46	3.32	**94.58%**

MANAGEMENT COMMENTARY

Commenting on the performance, **Mr. Ravindra Singh, Chairman & Managing Director, Indian Phosphate Limited**, said:

"H1 FY27 has been a period of strong growth for Indian Phosphate. Consolidated total income grew 84% to ₹907.73 crore, with EBITDA at ₹34.29 crore and Net Profit at ₹19.59 crore. This growth was supported by our expanding chemical capacity and our entry into import and distribution of different fertilizer categories.

Our Cuddalore chemical complex continues to ramp up, with the Anionic Surfactant plant commencing commercial production in June 2026 following the start of Sulphuric Acid production in July 2025, expanding our footprint in southern India. Through our exclusive arrangement with one of the largest overseas manufacturer for supply of Sulphate of Potash, we have entered into potassic fertilizers as the exclusive distributor to the Tobacco Board of India for Andhra Pradesh and Karnataka.

Looking ahead, we are pursuing the phosphate value-addition project in Sri Lanka and continuing to evaluate NPK complex fertilizers to broaden our phosphatic fertilizer range. With over 25 years of experience and our well-recognised Ankur SSP brand, we are well positioned to build on this momentum."

BUSINESS OUTLOOK

- **Cuddalore Chemical Complex:** The Anionic Surfactant plant commenced commercial production in June 2026, following the start of commercial Sulphuric Acid production in July 2025.
- **Entry into Potassic Fertilizers:** Through an exclusive arrangement with one of the leading international manufacturers of Sulphate of Potash (SOP), the Company serves as the exclusive distributor to the Tobacco Board of India for Andhra Pradesh and Karnataka for the 2026 crop season, with shipments scheduled during FY 2026-27.

- **Sri Lanka Rock Phosphate Project:** The Company submitted its proposal in June 2026 for the phosphate value-addition project, which contemplates a new SSP manufacturing facility and a Stage-2 sulphuric acid plant on a 30-year concession basis. The proposal is under evaluation by the Ministry of Industry, Sri Lanka.
- **New Credit Rating:** CRISIL Ratings reaffirmed the Company's long-term rating at CRISIL A-/Stable and short-term rating at CRISIL A2+, while enhancing the total rated bank loan facilities from ₹132 crore to ₹224 crore in November 2026.
- **Quality and Diversification:** The Udaipur unit received NABL accreditation, and the Company continues to evaluate NPK complex fertilizers.

ABOUT INDIAN PHOSPHATE LIMITED
