Management commentary

Commenting on the results, Mr. Rajesh Mehta, Chairman & Joint Managing Director, Khazanchi Jewellers Limited, said: "The first half of FY27 was a strong period for Khazanchi. Profit grew almost twice as fast as revenue, helped by a rising contribution from our retail business, which earns a higher margin per rupee of sales than wholesale, and by continued control over costs. Our wholesale business also grew, as trade partners placed larger orders with us. These are our first results since our shares moved to the Main Boards of BSE and NSE.

The second half is traditionally the busier part of our year. We have built our inventory and refreshed our collections to serve trade partners and retail customers through the festive and wedding season, while keeping borrowings at a modest level. We enter this period well prepared and remain focused on profitable growth, careful management of working capital and long-term value for our shareholders."
