special steel strip complex Update (FY2024-25):

- The new Cold Rolling Complex project is progressing as per the original timeline, with major machinery orders completed. Factory construction is scheduled to begin in June 2025, with production expected to commence by Q4 of FY26.

Commenting on the performance, Mr. Bala Manikandan, Managing Director & Founder of Krishca Strapping Solutions Limited said, "H2 FY25 has been a defining period for Krishca Strapping Solutions, marked by strong execution and major strategic order wins. We have started our biggest packaging contract order with the APL Apollo Group from April 15th, 2025, with an approximate order value of ₹25 crore per annum.

We are pleased to have secured a ₹4.85 crore contract from Steel Authority of India Limited – Bokaro Steel Plant, valid up to April 6, 2025. This order from a prestigious public sector steel producer is a strong validation of our product quality, service consistency, and growing presence in India's core industrial sector.

Additionally, we are proud to have won two significant long-term contracts from ESL Steel Limited of the Vedanta Group. The first contract, valued at ₹47.36 crore over a 5-year period, and the second, worth ₹18.38 crore over a 3-year tenure, cover strapping, wrapping, and compactor services at ESL's Jharkhand facility. These contracts were awarded through a highly competitive reverse auction process, reflecting our ability to deliver mission-critical packaging services at scale, with a focus on quality and operational efficiency.

These orders are more than numbers. They represent enduring partnerships and Krishca's growing role as a trusted industrial packaging partner to India's leading steel producers. With these wins and a clear strategy for the future, we remain focused on scaling our capabilities, investing in innovation, and delivering consistent value."
