Highlights

- Revenue increased due to the expansion of our service portfolio, including renewable energy projects and digital transformation solutions, which attracted new business sectors. Enhanced operational efficiency through project management tools and lean practices led to faster turnaround and lower costs.
- Stronger customer relationships through enhanced service delivery resulted in repeat business. Improved financial strategies, favourable financing increased operational capacity.
- The company is strategically bidding for new Engineering, Procurement, Construction, and Commissioning (EPCC) and Operation & Maintenance (O&M) projects across geographies and sectors.

Reflecting on the company's FY25 performance, Mr. Rajesh Anne, Managing Director of Lakshya Powertech Limited, stated: "FY25 has been transformative for Lakshya Powertech. Our diversification into the Data Centre infrastructure space and consistent performance in traditional energy verticals reflects our execution strength and domain expertise. With a growing order book and expanded technical capacity, we are positioned to deliver sustainable value for all stakeholders."

About Lakshya Powertech Limited

Founded in 2012 and headquartered in Ahmedabad, Lakshya Powertech Limited provides Engineering, Procurement, Construction, and Commissioning (EPCC) services along with integrated Operation & Maintenance solutions across the Oil & Gas, Power, Industrial, Renewable Energy, and Data Centre sectors. The company is recognized for its end-to-end project management capabilities, technical expertise, and adherence to global quality standards.

Lakshya Powertech Limited is ISO 9001:2015, ISO 45001:2018, and 5S certified.

The company is preparing for further expansion in domestic and international markets, with a strategic focus on innovation, digital infrastructure, and sustainability.
