Monthly Business Update (Annexure I)

Ritco Logistics Ltd. Secures New Businesses in October 2026, Expanding Its Presence across Multiple Industrial Customers

Ritco Logistics Ltd., one of India's leading integrated logistics and supply chain solutions providers, continued its business momentum during October 2026 by securing new businesses across a diversified portfolio of customers and transportation requirements.

The order inflow further strengthens Ritco's customer portfolio, reinforces its presence across diverse industrial segments and demonstrates its continued ability to secure business through its nationwide transportation network.

Transportation Vertical – Key Contract Wins

ISRPL – Major Business Contribution

Ritco Logistics secured two one-year transportation contracts from **ISRPL (Indian Synthetic Rubber Private Limited)**

- The contracts cover transportation from **Panipat to the West Zone** and **Hyderabad to various destinations**.
- These contracts strengthen Ritco's transportation business and further consolidate its engagement with ISRPL across multiple operational locations.

Saint-Gobain – Transportation Contract

- Ritco secured a one-year transportation contract from **Saint-Gobain**.
- The contract covers transportation from **Nagpur to various destinations**.
- This business win further strengthens Ritco's presence in the industrial logistics segment and expands its customer portfolio.

Other Strategic Business Wins

Ritco also secured transportation contracts from other prominent customers during October 2026:

- **E- Waste Recycling** – Six-month transportation contract covering movements from various locations to Pune

- **Paper and Packaging** – One-year transportation contract from Kagithapuram to Bareilly.
- **Bitumen**– One-year transportation contract from Mangalore to Cochin.

Sustained Growth & Outlook

The business inflow during October 2026 represents another step in Ritco Logistics' continued growth journey. The addition of new contracts across multiple customers and industrial segments demonstrates the Company's ability to leverage its nationwide transportation capabilities, operational network and customer relationships to generate sustainable business opportunities.

The continued addition of business from established industrial customers, along with expansion across different transportation corridors, reflects the Company's focus on customer diversification and strengthening its business portfolio.

Ritco Logistics remains focused on expanding its presence across key industrial sectors, building long-term customer partnerships and developing a diversified, technology-enabled logistics enterprise capable of delivering reliable and efficient transportation and integrated supply chain solutions across India.

Information Technology:

1. **IT Infrastructure Lifecycle Management:** IT infrastructure lifecycle management practices have been strengthened to ensure technology assets remain reliable, supported and aligned with operational requirements

2. **IT Operations & Automation:** IT operational processes have been reviewed to improve efficiency, consistency and reliability through process standardization and automation

3. **Database Performance Management:** Database management practices have been enhanced to support application performance, data availability, and efficient utilization of database resources

4. **Third Party Technology Management:** Third party technology management practices have been strengthened to improve oversight of critical IT service providers and minimize risks associated with external dependencies

Ritco Logistics Limited’s step down subsidiary Trucksup Solution Private Limited Key Updates:

1. **FASTag** – TrucksUp issued approximately 10,152 FASTags in October, with a GMV of approximately ₹61 Crore. FASTag continues to see steady demand from fleet operators, reflecting their growing preference for TrucksUp to manage and consolidate toll payments in one place.

2. **Vehicle Financing** – The platform recorded total vehicle financing disbursements of approximately ₹4.11 Crore in October, reflecting continued adoption of TrucksUp's financing solutions by fleet operators for their vehicle funding needs.

3. **Smart Fuel** – Smart Fuel recorded approximately 524 KL of fuelling during the month, with steady growth in activations. The volumes reflect consistent utilisation of the platform for fleet fuel requirements and continued migration of fuel spent onto TrucksUp.

4. **GPS** – GPS generated revenue of ₹55.12 Lakh in October, continuing to contribute meaningfully to the platform's revenue mix and emerging as a promising technology-led revenue stream.

5. **Subscription** – TrucksUp generated total subscription revenue of approximately ₹60.50 Lakh during the month.

6. **Truck Supplier Onboarding** – A total of 17,253 truck suppliers were onboarded on the TrucksUp platform during the month.

TrucksUp onboarded Ajay Devgn as its brand ambassador few month back to strengthen brand positioning, trust, and credibility. Integrated digital campaigns across Google and Meta supported brand awareness and user acquisition, complemented by BTL initiatives including dhaba signboards, broker office branding, and truck stickers. Media coverage in ETBrandEquity, IMPACT, Adgully, afaqs!, and YourStory further strengthened the brand's industry visibility and credibility.
These initiatives supported TrucksUp's brand recall and audience engagement, with the platform recording 132.66K app installs in the month of October. The integrated approach across digital, on-ground, and media channels reinforced brand presence and supported user acquisition.
