FOR IMMEDIATE RELEASE

RMC Switchgears receives Letter of Intent for an estimated ₹521.84 crore turnkey distribution-infrastructure package in Maharashtra

The proposed work package covers substations, transformers, HT lines and allied infrastructure under an ADB-funded programme

Jaipur, 24 November 2026: RMC Switchgears Limited (NSE: RMC; BSE: 540358), a power infrastructure, engineering and EPC solutions company, has received a Letter of Intent for the development of distribution infrastructure and system strengthening works, covering the construction of new substations, augmentation of existing substations, additional power transformers, HT lines and allied works.

The package includes the supply, testing, transportation, construction, erection, testing and commissioning of new substations; augmentation of existing substations; additional power transformers; HT lines; and other allied distribution works. It also includes the associated civil works, plant and equipment, installation and performance-guarantee responsibilities.

The estimated basic order cost is ₹521.84 crore.

Mr. Ankit Agarwal, CEO & Whole-time Director, RMC Switchgears Limited, said:

"This is a significant opportunity for RMC to demonstrate its end-to-end execution capability on a complex, utility-grade distribution-infrastructure programme. The ADR package spans the full project lifecycle - from civil works and equipment supply through installation, commissioning and performance assurance - and reinforces our ability to deliver integrated electrical EPC solutions at scale.

"The engagement further builds on our experience in Maharashtra and strengthens our credentials in high-value distribution infrastructure. We remain focused on disciplined execution, rigorous project controls and delivering dependable outcomes for the utility ecosystem."

The engagement is expected to strengthen RMC's electrical EPC execution pipeline and expand its participation in India's distribution-network modernisation opportunity. It also builds on the Company's existing experience of distribution infrastructure work in Jalna and Satara.

About RMC Switchgears Limited

RMC Switchgears Limited (NSE: RMC; BSE: 540358) is a Jaipur-based power infrastructure and electrical-engineering company with over three decades of experience. The Company delivers integrated solutions across electrical products, power-distribution and transmission EPC, solar EPC and smart-grid infrastructure, combining manufacturing, engineering, project execution and O&M capabilities. Its portfolio includes smart-meter enclosures, feeder pillars, distribution boxes, electrical panels and the IS 14772-certified PulseBox™ smart LT distribution box. RMC serves state utilities, DISCOMs, PSUs, AMISPs and EPC partners, supporting the modernisation, reliability and sustainability
