Dear Sirs,

Subject: Intimation under Regulation 30 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Update on Capacity addition / installation and commencement of production

This is in continuation of our earlier intimation dated May 26, 2025, regarding the proposed addition of manufacturing capacity, including the installation of a Paper Sleeving Machine with an annual installed capacity of 20 million pieces.

We wish to inform that the Company has completed the installation and commissioning of the aforesaid Paper Sleeving Machine at its Daman facility and has commenced commercial production with effect from November 23, 2026.

Accordingly, the total installed capacity of the Company for Paper Sleeving stands at 20 million pieces per annum.

As against the originally envisaged commissioning timeline of September 2025, the commencement of production was deferred as the machinery involved a new technology, which required additional fine-tuning and extended trials to achieve operational stabilisation.

The above is being submitted as an update to our earlier disclosure in accordance with Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Kindly take the same on record.

Yours faithfully,
For Rajshree Polypack Limited
