Strategic Significance

The Company has a clear and growing strategic focus on the Energy and Power sector and on critical infrastructure management. Power generation, transmission and distribution utilities run some of the country's most essential and sensitive digital environments, where secure identity, access control and uninterrupted availability are fundamental to reliable 24x7 power supply.

This order spans the entire Gujarat state power value chain – generation, transmission and distribution – covering approximately 18,000 endpoints across more than 850 locations, including corporate offices, power stations and sub-stations. It will establish a centrally managed, policy-driven identity and security backbone aligned with the guidelines of CERT-In, NCIIPC and the Ministry of Power.

The order strengthens the Company's position as a trusted technology partner to power utilities and critical infrastructure operators, brings multi-year recurring revenue visibility through five years of AMC and on-site managed support, and opens opportunities for further cybersecurity, infrastructure management and digital transformation engagements across the energy sector.

The above intimation will also be made available on company's website i.e. https://www.silvertouch.com

Kindly take the above intimation on the record.

Thanking you,

Yours Faithfully,

FOR SILVER TOUCH TECHNOLOGIES LIMITED
