Smarten Power Systems Records 77% Revenue Growth in H1 FY27; Net Profit Surges 104% YoY

- **Consolidated Profit After Tax increases 104% year-on-year to ₹11.99 crore**
- **Profit Before Tax rises 112% to ₹15.83 crore**
- **Standalone revenue grows 87% to ₹201.37 crore during the half year ended September 30, 2026**

Gurugram, November 3, 2026: Smarten Power Systems Limited, a manufacturer and provider of power backup and solar energy solutions, has reported a strong financial performance for the first half of FY27, registering a 77.4% year-on-year growth in consolidated revenue from operations to ₹204.54 crore, compared to ₹115.26 crore in the corresponding period last year.

The company's consolidated Profit After Tax (PAT) more than doubled, increasing by 103.8% to ₹11.99 crore for H1 FY27, against ₹5.88 crore in H1 FY26. Consolidated Profit Before Tax (PBT) also registered significant growth of 111.9%, rising to ₹15.83 crore from ₹7.47 crore in the corresponding period of the previous financial year. Consolidated Earnings Per Share (EPS) stood at ₹6.31, compared to ₹3.09 in H1 FY26.

On a standalone basis, the company recorded revenue from operations of ₹201.37 crore during H1 FY27, marking an 87% increase over ₹107.69 crore in the corresponding period last year. Standalone PAT grew by approximately 108.5% to ₹11.79 crore, compared to ₹5.65 crore in H1 FY26.

The growth in financial performance underscores the company's business momentum as it continues to strengthen its presence in the power backup and renewable energy solutions segment.

Smarten Power Systems operates in the design and assembly of a diverse portfolio of power backup and solar energy products, including Home UPS systems, solar inverters, Solar Power Conditioning Units (PCUs), solar charge controllers, batteries and solar panels. The company caters to residential and commercial energy requirements through its comprehensive product portfolio and distribution network. Its operations span 23 states and two Union Territories in India, with an international presence across markets in the Middle East, Africa and South Asia.

Commenting on the financial performance, Mr. Rajnish Sharma, Whole-Time Director & CEO, Smarten Power Systems Limited, said:

"We are pleased to report a strong performance in the first half of FY27, with significant growth in both revenue and profitability. The more than doubling of our consolidated profit after tax reflects the positive momentum in our business. As we move forward, we remain focused on strengthening our product portfolio, expanding our market reach and delivering reliable and efficient power backup and solar energy solutions to our customers. We believe our focus on product quality, innovation and customer satisfaction will continue to support our long-term growth ambitions."

About Smarten Power Systems Limited

Smarten Power Systems Limited, incorporated in 2014 and headquartered in Gurugram, Haryana, is engaged in the design and assembly of power backup and advanced solar energy products. Its portfolio includes Home UPS systems, solar inverters, Solar Power Conditioning Units (PCUs), solar charge controllers, batteries and solar panels. The company caters to residential and commercial energy requirements through its range of products and distribution network across India and international markets.

Driven by its philosophy of "Fusion is the Future", Smarten is committed to providing affordable, efficient and environmentally friendly energy solutions. The company aims to contribute to the growing adoption of renewable energy through technology, product innovation and a focus on customer needs.
