Dear Sir / Madam,

Subject: Clarifications on investor queries regarding recent announcement

Further to the queries from few investors regarding to our previous announcement, we would like to clarify a few points:

The Company's business / sales remain unaffected.

Further to clarify the exposure to the US market through the Tanuku facility accounts for approximately 6% of its consolidated YTD revenue which remains unaffected.

The new ANDAs and filings will be handled from Patalganga facility, the company's second API manufacturing facility which is US FDA approved with zero observations in its last inspection and continues to operate normally.

There is no impact on the company's current financial guidance/operations for FY 2026-27 on account of this development based on current assessment.

Thanking you.

Yours faithfully,
For Wanbury Limited
